Information Style

Perfect craftsmanship. The STYLE model was inspired by beauty itself and well and truly lives up to its name. The modern floating look, the exquisite materials and the highest quality of workmanship are only topped by the extraordinary sitting and lying comfort: Loose back cushions, deep seats and soft fabrics make this sofa the centre of comfort. The suitable armrests with relax function do not leave any wishes unfulfilled.

Elements: **fully adjustable by alligator clips (side sections with genuine fabric cover)**

Accessories (optional): **adjustable and pluggable armrests, throw cushions**

Metal foot available in:

B
mat black

C
chrome

PURCHASE PRICE AND TYPE LIST

Specifics Style

UPHOLSTERY STRUCTURE

The back and sitting area of this model contain cushioned compartments filled with top-quality feathers, which ensure pleasantly soft sitting comfort. It is a typical feature that the cushion lines emerge depending on the cover material, and form waves if the upholstery is particularly casual and soft. To stop the soft filling from shifting, the top-quality upholstery is finished with chamber quilting. Seat imprints are typical for this model.

WAVE FORMATION

Forming waves is a typical feature of this model. This is caused by the different qualities of the cover materials and the way in which fabric and leather respond to the impacts of everyday life. Body heat, weight and humidity have different effects on the materials, which is why the wave formation is a natural response of more casual models.

COVERED BACK SECTIONS

The elements are always covered in the same fabric in the back and thus offer many possibilities to position the model.

SIDE BOLSTERS

The side bolsters of this model are covered in the same fabric. By using alligator clips, the elements can be placed everywhere in the room.

LEATHER AND FABRIC PROCESSING

Due to the different qualities of the fabrics, it is possible that the decorative, double and fell seams either vary or are left out altogether. This depends, among other things, on the fabric width, which can render the parting of the back unnecessary and allow a simple seam to replace the decorative seam.

COLOUR DEVIATIONS

Please note that natural materials such as leather and wood are as individual in their structure and colour as nature itself. We make every effort to provide you with an item that is as close as possible to the colour sample. However, please excuse that the colour of delivered items may vary, which does not constitute a defect.

RESERVATION

We reserve the right to improve products and their quality if technological progress so demands or if this contributes to maintain delivery capacity. The same applies to the correction of faulty details.

FSC®

Since September 2022 all our sofas and armchairs are FSC® certified (FSC®-C112933). FSC® stands for 'Forest Stewardship Council®', which is an international certification system for more sustainable forest management. Products that are certified to carry this label are exclusively made from sustainable wood.
