TABLES AND BOOKSHELVES

Materials & colours

METAL FRAMES

Our frame models are handmade in Italy and are entirely made from robust metal. The black powder coating gives the frames a particularly sophisticated look.

GLASS TOPS

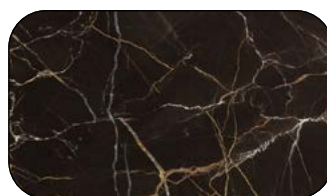

The elegant marbled look is created using a complex digital printing technique behind glass. Thanks to this method, the appearance is more brilliant than real marble and also has an attractive depth and more shine. Available in three colours:

Vetro Bianco (VB)

Vetro Nero (VN)

Vetro Marrone (VM)

CERAMIC TOPS

A natural look can be created using ceramic. In addition to an impressive look, our ceramic tops stand out thanks to the gorgeous feel of their surface, which is reminiscent of the structure of natural stone. The material is also extremely easy to maintain. Available in three colours:

Struttura Grigio Chiaro (SC)

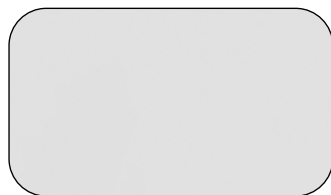

Struttura Verde (SV)

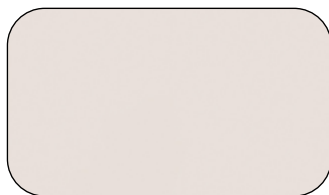

Struttura Grigio Antracite (SA)

TOPS MADE FROM SMOKED GLASS

In addition to the opaque materials, we offer another type of glass too with our smoked glass option. Smoked glass means tinted glass. Smoked glass furniture has an extravagant, exclusive vibe. Available in two colours:

Fumo Nero (FN)

Fumo Bronzo (FB)
