

PRODUCT

3L Lion

Upholstery fabric category	pigmented thick leather
Leather thickness according to DIN EN ISO 2589	1,6-1,8 mm

CTL® GmbH

QUALITY FEATURES

The product complies with quality requirements for upholstery leather according to DIN EN 13 336:2012

Light fastness EN ISO 105-B02	>5
Colour fastness to rubbing EN ISO 11640/11641 dry/wet/sweat solution	5/4-5/4-5
Behaviour at permanent folding DIN EN ISO 5402-1 based on DIN 53359 – 50,000 cycles	no tears
Burning behaviour EN 1021-1/BS 5852-0 cigarette test	passed
MAK amines, azo dyes EN 14362-1 & 3	not detectable
Chlorophenols/PCP, TeCP, TriCP SOP 4309	not detectable
Chrome (VI) content DIN EN ISO 17075	not detectable

Other test results are available on request from designwerk.

PROPERTIES OF THE COVER FABRIC

LION is an honest homage to the Italian art of leather tanning. Only by undergoing the elaborate procedures does this thick leather develop its distinguished features: Despite the striking visual appearance, the cowhide leather is characterised by a soft, extremely voluminous feel. This outstanding softness makes LION the centre of cosiness and comfort.

Due to a special finish in the processing of this exclusive leather with a typical dry-drum grain pattern and the striking nap structure, LION is given three more, value-adding properties: abrasion resistance, light fastness and insensitivity to stains.

With 1.6 to 1.8 mm thickness, LION is a true “pachyderm” among furnishing leathers. The fact that this product is exclusively made of hand-picked cowhides is obvious from its appearance and can undoubtedly also be felt.
