The product complies with quality requirements according to **DIN EN 14 465:2006**

Abrasion resistance EN ISO 12947-1 & 2	<b>50,000 cycles</b>
Pilling EN ISO 12945-2 – 2000 cycles.	<b>4</b>
Light fastness EN ISO 105-B02 – method 2	<b>4</b>
Colour fastness to rubbing EN ISO 105-X12	<b>4</b>
Cigarette test DIN EN 1021-1	<b>passed</b>
MAK amines, azo dyes EN 14362-1 & 3	<b>not detectable</b>
Allergenic & carcinogenic dispersion dyes DIN 54231	<b>not detectable</b>

Other test results are available on request from designwerk.

Discolouring due to cushions and/or clothing fabrics does not represent a defect of the upholstery fabric. Colour and texture deviations are typical for this product and do not entitle users to any claims. Interaction of pressure, heat and/or humidity may lead to pile displacement (pressure marks). This property is referred to as indentation or seating marks and is a typical feature that does not represent minor quality in any way.

PROPERTIES OF THE COVER FABRIC

As a high-tech microfibre material, Bellezza is an ideal alternative to leather and has many advantages:

- A vegan alternative
- 50% lighter than leather
- Less waste - synthetic production ensures consistent quality
- More durable than nubuck- much less care and cleaning is required
- More sustainable than leather (fewer resources, such as water and energy, are required to produce it)
- Non-slip
- The elasticity is easier and more uniform when processing, unlike leather, which varies in thickness
- More breathable than leather
- Water-repellent
- Great feel that's always consistent
- Suitable for allergy sufferers
- A warming touch in summer - comfortably cooling in summer
- Timeless elegance thanks to a tasteful colour palette
- Double-face finish; e.g. for open seams

VERSION: 12/2023

Please note that the illustrated colours may deviate from the original colours.
