Liam

The flexible beauty: A temple of cosiness. The Liam's alluring character is inspired by both the Chesterfield and Capitonné styles and is influenced by the 60s and 70s. That era's signature reveals itself in the free, informal style of the sofa, which can be individually configured: conventionally, with a relaxing chaise longue, as a corner sofa or as a free-standing oasis of well-being.

Liwithless styling options: An oasis of comfort with incredible flexibility. The Liam puts no liwiths on your imagination thanks to its enormous range of types and variability. Even as a single element, the Liam provides an aesthetic embellishment to every living space.
