Units with loose
and fixed backs

Practical back
adjustment

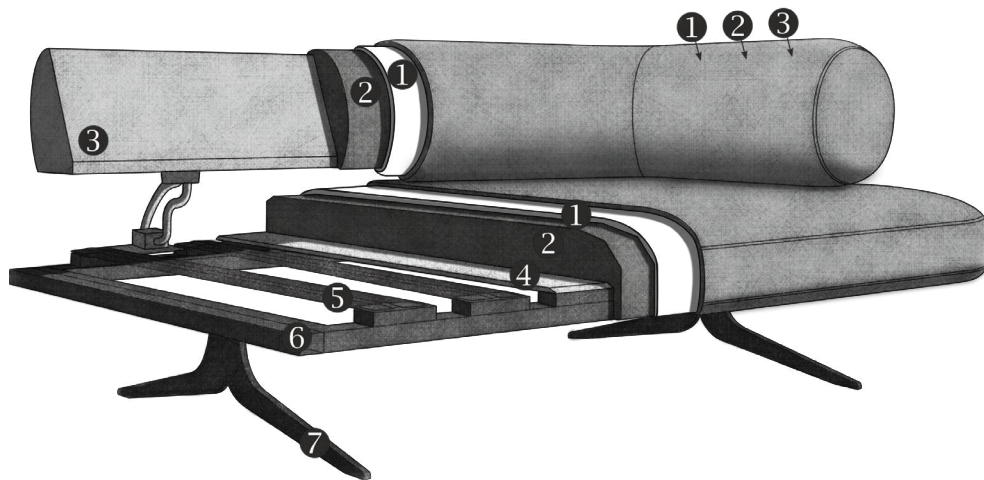

Clean lines and a
minimalist design

– Unlimited freedom combined with clear structure: the Valena range features a stylish mix of units with loose and fixed backs. Valena thus forms a flexible platform for modern living: whilst the elements with loose backs can easily be used as daybeds, reflecting the current trend towards multifunctional living, the elements with fixed backs impress with their practical seat depth adjustment, which allows for a seamless transition between upright sitting and relaxed lounging. –
